

ART IS FOR EVERYONE!

The Northwest Colorado Arts Council relies on donations, sponsorships, memberships, grants, and contributions to support our initiatives and programs. We work to fulfill our mission of creating avenues for freedom of expression and providing pathways for the development of the arts and humanities. We promote inclusiveness, creative excellence, and arts advocacy--- all of which improve the quality of life in our community. We accept donations throughout the year from individuals, families, estates, charitable organizations, businesses, schools, government agencies and nonprofits. We also offer a variety of membership and sponsorship opportunities, allowing you the ability to choose the option that is best for you. Details on donations, sponsorships and memberships can be found inside. Most importantly, you don't need to be an artist to support the ARTS!

WHY ARTS & CULTURE?

- The arts contribute to a distinctive community identity and can fuel the resurgence of much needed "mojo" in rural regions.
- The arts foster community vitality, a desirable quality of life and destination appeal that is attractive to residents, businesses and visitors alike.
- A creative talent base contributes to a region's overall economic productivity and the human capital needed to develop innovative solutions to community problems.
